

Please join me and become a voice to help relocate the Lapita Navigators of Micronesia!
~Abbey Jaine from Franklin Academy, Wake Forest, Troop #1658

Please help me reach my goal of 25,000 signatures to help relocate the Lapita Navigators! For more information and to view the 2-minute documentary trailer, visit www.someplacewithamountain.org . We also have a facebook page www.facebook.com/saveaculture Share this with your family and--if you want to help--collect signatures and E-mail my mom for our mailing address email becky@monkeychimonkeydo.com .

"We, the undersigned, petition President Obama, Secretary General Ban Ki-Moon and Bill and Melinda Gates to help save the Lapita Navigators-4,000 native-island people located in the Micronesia at risk of cultural extinction due to rising sea levels. Please assign a team to visit the islands where they live and create an evacuation plan to relocate them to Yap, a nearby island with space for them to live and to save their lives and preserve their culture."
